

The Behave7 Fire Modeling System is here!

Webinars by co-development leads Faith Ann Heinsch (RMRS Physical Scientist) and LaWen Hollingsworth (RMRS Fire Behavior Specialist)

Behave7 for Fire Analysts

May 20th at 10am Pacific/12pm Central

We will discuss how Behave v7 differs from BehavePlus v6 by highlighting the Surface and Surface/Crown modules and enhancements that will be included in the next few releases in 2025-2026.

This webinar will be most useful for fire analysts, S-390 cadres, and S-490 cadres.

Registration required:
