

Managing Longleaf for our Future

A new Longleaf Pine Climate-Smart Guide

When: **September 11, 1:00-2:00PM ET**

Where: **Online (Zoom) – Register [HERE](#)**

This webinar will introduce the new guide: **Managing Longleaf for our Future.**

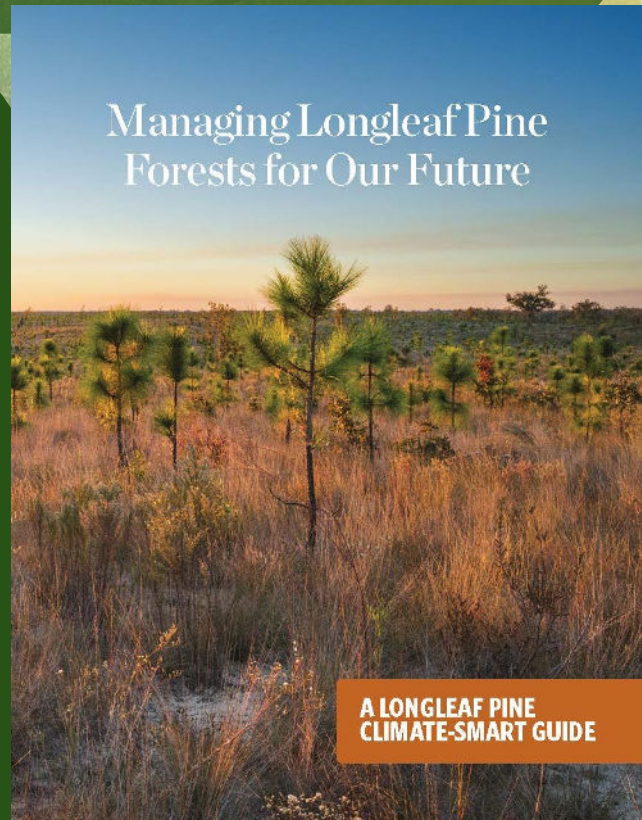

Experts from multiple organizations in the southeast will share the reasons why longleaf pine is a climate-smart species, and the management practices that will make a climate-smart forest.

Information on technical and financial assistance will be included.
