# **PRESCRIBED FIRE FOR WILDLIFE**

December 3-5, 2024

FFA Leadership Training Center

5000 Firetower Road

Haines City, Florida 33844

## **Sponsors:**

**Florida Chapter of The Wildlife Society**

**Florida Fish and Wildlife Conservation Commission**

Your sponsors and cooperators are pleased to once again host “PRESCRIBED FIRE FOR WILDLIFE” at the FFA Leadership Training Center located on Lake Pierce near Haines City, Florida. Our 2024 session will be held December 3-5. Attendees are encouraged to stay onsite with meals and lodging provided. This training is designed to provide land managers and wildlife stewards with basic information on wildlife habitat management practices associated with prescribed fires in Florida. It includes sections addressing how ignition plans can be developed and implemented to meet specific wildlife objectives while minimizing risk. This training combines classroom lectures, panel discussions, and field exercises covering a variety of wildlife and habitats. Classroom activities will be held at the Leadership Training Center. Field exercises will be held at nearby south Florida wildlands and will focus on prescribed fire techniques that maintain and improve valuable wildlife habitats

Registration details will be announced in mid-September on The Florida Chapter of the Wildlife Society website: [The Wildlife Society - Florida Chapter](https://www.flwildlifesociety.org/) or <https://fltws.org/>. **Class size is limited. Early registration is encouraged.**
